The UCB SoniXs® is a high performance, fully automatic bundler for corrugated products streaming from specialty folder gluers. Its five-sided squaring system intuitively adjusts to the size of the bundle, ensuring compact, square bundles every time. Included is an adjustable speed conveyor. Mosca's proprietary SoniXs® ultrasonic sealing technology creates a reliable, strong seal with increased cycle life, no warm up required, reduced cleaning and preventive maintenance. The bundler slides out for easy maintenance.
